There is however no requirement to use these pay values for such appointments, as local terms and conditions of employment are a matter for local determination.

Section 3: weekend allowance

A doctor rostered to work at the weekend (defined as one or more shifts/duty periods beginning on a Saturday or a Sunday) at a minimum frequency of 1 in 8 across the length of the rota cycle will be paid an allowance. These will be set as a percentage of full time basic salary in accordance with the rates set out in the table below:

		Nodal point 1	Nodal point 2	Nodal point 3	Nodal point 4
Frequency	Percentage	Value (£)	Value (£)	Value (£)	Value (£)
1 in 2	10%	2,635	3,050	3,610	4,575

<1 in 8	No allowance	No allowance	No allowance	No allowance	No allowance

The weekend allowance for less than full time (LTFT) staff is explained in schedule 2 paragraph 6 of the 2016 TCS.

Section 4: flexible pay premia – doctors and dentists in training (2016 contract)

Table 1:

Name of premia	Applicable training programme	Eligibility	Full time annual value (£)
General practice premium	General Practice	Payable to ST1, ST2, ST3, ST4 during general practice placements only	8,200
Hard to fill training programmes	Emergency Medicine	Payable to ST4 and above only	Dependent on length of training programme, see table 2 below.
	Psychiatry	Payable to all grades above foundation training	
Dual qualification – OMFS	Oral and Maxillofacial Surgery, as per paragraph 39-41 of Schedule 2 of the TCS	Payable to ST3 and above only	
Academia	As per paragraphs 33-38 of Schedule 2 of the TCS	Upon return to training following successful completion of higher degree	4,000

Table 2:

Length of training programme*	Full time annual value (£)
3 years	6,667
4 years	5,000
5 years	4,000
6 years	3,334
7 years	2,858
8 years	2,500

*This is the length of the eligible training programme as specified by the curriculum, it is not the number of years that any particular trainee has remaining on their eligible training programme. For example, trainees joining an eligible training programme part way through will be entitled to the annual value according to the length of the full training programme, not the length of the training programme that they have left to complete.

Where an eligible training programme consists of core and higher elements, the length of the eligible training programme is the combined number of years of both core and higher training. For example an eligible training programme consisting of three years core training and five years higher training would be eight years in length.

Full details on flexible pay premia are contained in schedule 2, paragraphs 18-44 of the 2016 TCS.

Section 5: penalty rates and fines

- i) **Penalty rates and fines for hours worked at the basic hourly rate.** The total figure is based on x4 multiplier of the basic hourly rate, with the doctor receiving x1.5 of the basic hourly locum rate, and the balance going to the guardian of safe working hours:

Grade	Nodal point	Total hourly (x4) figure	Hourly penalty rate (£), paid to the doctor	Hourly fine (£), paid to the guardian of safe working hours
F1	1	50.54	23.13	27.41
F2	2	58.50	26.78	31.72
CT1-2, ST1-2	3	69.24	31.68	37.56
CT3, ST3-8	4	87.74	40.16	47.58

- ii) **Penalty rates and fines for hours worked at the enhanced hourly rate.** The total figure is based on x4 multiplier of the enhanced hourly rate, with the doctor receiving x1.5 of the enhanced hourly locum rate, and the balance going to the guardian of safe working hours:

Grade	Nodal point	Total hourly (x4) figure	Hourly penalty rate (£), paid to the doctor	Hourly fine (£), paid to the guardian of safe working hours

F2	2	80.14	36.68	43.46
CT1-2, ST1-2	3	94.85	43.40	51.45

Grade	Stage of training	Nodal point	Hourly rate (£)	Hourly rate with 37% enhancement (£)*	On-call allowance (per on-call period) (£)**

	ST4 / SpR4				
	ST5 / SpR5				
	ST6 / SpR6				
	ST7 / SpR7				
	ST8 / SpR8				

* For information on which hours attract a 37% enhancement see schedule 2 paragraphs 14-15 of the 2016 TCS.

** The on-call rate is the allowance for being on-duty as a locum on an on-call rota. In addition, the locum would be paid the appropriate hourly rate for any actual work done whilst on-call.

Section 7: London weighting

	Value (£) per annum for non-resident staff	Value (£) per annum for resident staff
London zone from 1 April 2005	2,162	602

Staff whose place of work (i.e. where his or her principal duties lie) is within the boundaries of the former health authorities designated by paragraph 12 of section 56 of the *General Council Conditions of Service* shall be paid London weighting at the rate for the fringe zone unless he or she is employed at a unit described in paragraph 9 of section 56.

A reduced rate of London weighting is payable to resident staff who receive free accommodation.

Any changes to these arrangements will be set out in future pay circulars.

Section 8: senior decision makers' allowance

This value will be confirmed in a future pay and conditions circular. The actual value of the senior decision makers' allowance will be predicated on the number of senior decision makers that need to be so designated. Funding is not likely to become available to introduce this allowance until 2018/19.
