Model terms and conditions of service for a salaried general practitioner employed by a Primary Care Trust ("PCT")

Notes

(i) These are model terms and conditions for use by PCTs in England and the definitions will need to be changed where the contract is used in other countries in the UK.

(ii) The model terms and conditions are to be used in conjunction with an offer letter, which will form the basis of a contract between the PCT and the employed doctor. An example of an offer letter is attached.

(iii) The offer letter should refer to and incorporate these model terms and conditions or terms which are no less favourable.

(iv) The model terms and conditions are based on the GPC’s and NHS Confederations’ understanding of the position which will pertain at 1 April 2004 but they may be subject to amendment in the intervening period if there are changes in policy or the applicable law and will be amended to reflect the position in other countries. The model terms may be used before 1 April 2004 subject to suitable amendment.
