Doing OD in a digital world
Which craft or Wizardry...?
In this workshop:

Time to reflect in a safe space with like minded colleagues about what it means to you.

Are you:

Doing OD in a Digital Landscape?

&

NHS Digital: what part do we play?
“Whether it’s treating ever more people in their communities, using the latest technology to tackle preventable diseases, or giving every baby the very best start in life, this government has given the NHS the multi-billion-pound investment needed to nurture and safeguard our nation’s health service for generations to come”. (Health and Social Care Secretary Matt Hancock)

- make digital health services a mainstream part of the NHS, so that in 5 years, patients in England will be able to access a digital GP offer
Talking Two’s – with the person next to you

• Take time to say hello, introduce yourself and discuss why you were curious about digital?

• How do those images and headlines make you feel, as an employee?

• How does that make you feel as a customer of the NHS?
Gateshead Story..

- ESR Self Service Roll out to 4000 staff
- Use of NHS jobs, recruitment and retention
- Supporting the Digital Workforce Group (Global Digital Exemplar Project GDE)
- Working with Local Schools – competition to create a patient application of the future
- Virtual Mentoring
- Electronic Portal for – on boarding (phase one Jnr Drs, two everyone else)
- IT literacy
- New Rostering System
- Maximising the use of ESR for Data Metrics, Reporting
- Supporting Clinical Engagement Workshops on Patient Pathways, and where they can be digitised
Group Discussion – on your tables (20 minutes)

- Do you feel like you are engaged in the Digital Agenda in your workplace?
- Who’s leading the Digital Agenda?
- What support do you offer those around you who are working in that space?
- How are they at leading change, where do they get their people lens from?
- Do you feel like you require new skills to work in that space?
- What help would you like from other OD colleagues or what could Do OD be helping you with?
