

Career development

191 HCSWs chose not to respond to this question.

Other comments included:

“We are not offered nor are we made aware of progression opportunities, or that it’s an option.”

“I have regular talks to say where I want to be in future.”

“I initially started my own development as the induction had finished with training. I want to seek more information to access to online courses and support from managers as I want to progress within the trust.”

“I think more talks about what happens after the apprenticeship would be reassuring and helpful.”
