

# About NHS Employers

NHS Employers is the employers' organisation for the NHS in England. We support workforce leaders and represent employers and systems to develop a sustainable workforce and be the best employers they can be.

Our practical resources and expert insights help make sense of current and emerging healthcare issues, to keep employers up to date with the latest thinking and ensure they are informed and equipped to support the NHS workforce.

We generate opportunities to network and share knowledge and we actively seek the views of workforce leaders to make sure their voice is front and centre of health policy and practice.

We also manage the relationships with NHS trade unions on behalf of the Secretary of State for Health and Social Care.

NHS Employers is part of the NHS Confederation.
