Pay and Conditions Circular (M&D) 3/2021 ®

Pay award for hospital medical and dental staff, doctors and dentists in public health, the community health service and salaried primary dental care

Summary

This circular has been revised to clarify that the figure for New LCEAs in Annex A: Section 2 relates to the period covered by this circular. Figures for previous years can be found in previous circulars.

The circular has been revised to incorporate an uplift to the fines associated with Nodal Point 5 from 1 October 2021, which has been agreed by the Joint Negotiating Committee (Juniors). This revised version replaces the original version published on 26th August 2021.

This circular informs employers of the pay arrangements for staff covered by the national medical and dental terms and conditions of service, which apply from 1 April 2021.

This circular includes the newly introduced pay scales for two grades of doctors in England; specialty doctors and specialists. These came into effect on 1 April 2021. The closed 2008 specialty doctor and associate specialist pay scales are now included in section 8 of this circular.

Action

The revised national salaries, fees and allowances set out in this circular apply in full with effect from 1 April 2021, with the exception of Nodal Point 5 increases applicable from 1 October 2021 as set out in detail within the circular. Please implement the new awards as soon as possible.

Increases to national salary scales from 1 April 2021

1. Salary scales for medical and dental consultants have been increased by 3% to basic pay from 1 April 2021.
2. Salary scales for doctors and dentists in training have already been increased by 2.0% to basic pay from 1 April 2021, as set out in the 2019 Framework Agreement. This was originally notified in Pay Circular 1/2021. The payments for all staff groups are included in this circular for completeness.

3. Salary scales for the staff grade, specialty and associate specialist group of practitioners on pre-2021 contracts have been increased by 3% to basic pay from 1 April 2021. Salary scales for specialty doctors on the 2021 contract and the specialist grade are as set out in Pay Circular 2/2021 and have been included in this circular for completeness.
4. The value of Flexible Pay Premia increased by 2.0% from 1 April 2021 as previously notified in Pay Circular 1/2021.
5. The value of National Clinical Excellence Awards, Local Clinical Excellence Awards, discretionary points and distinction awards remain unchanged.

Salaried Primary Care Dental Staff

6. The pay scales for salaried primary care dental staff have been increased by 3% to basic pay from 1 April 2021.

Salaried GPs

7. The minimum and maximum of the pay range for salaried GPs employed on the salaried GP contract have been increased by 3% to £62,268 and £93,965 respectively from 1 April 2021.

Dental Foundation Training (DFT) Payments

8. Following dental qualification, it is compulsory for dentists to undertake a year of training with a primary care provider if they intend to work in the NHS. This year is called Dental Foundation Training (previously known as the Vocational Dental Practitioner year). During this period, they are paid an allowance. This allowance is set through the General Dental Services Statement of Financial Entitlements Directions issued annually by the Department of Health and social care and included in this circular for information only.

The value of this payment for 2021/22 will be updated following the publication of the GDS SFE Directions.

9. The values of the DFT payment since 1 April 2013 are detailed at Section 6.

Increase to Nodal Point 5 from 1 October 2021

10. The value of Nodal Point 5 of the 2016 salary scales for doctors and dentists in training will increase to £56,077 from 1 October 2021, as set out in the 2019 Framework Agreement. The values for this nodal point and associated allowances, both for 1 April – 30 September 2021 and then from 1 October 2021 onwards, can be found in section 1.

The grade codes above must only be used for doctors and dentists in national training posts. They must not be used for doctors other than doctors in training, as defined in the terms and conditions of service.

Employers wishing to pay doctors on local contracts (trust doctors, clinical fellows etc) under pay arrangements that mirror those for doctors in training must use the following grade codes:

Nodal point 1 (£28,808) local appointment grade code – MT01
 Nodal point 2 (£33,345) local appointment grade code –MT02
 Nodal point 3 (£39,467) local appointment grade code – MT03

** Uplifted figure applicable from 1 October 2021.

LTFT allowance

A doctor who is training less-than-full time will be paid an annual allowance of £1,000. This allowance will be paid on top of the doctor's salary and will be spread over the year, paid in monthly instalments.

Those trainees who are in receipt of the £1,500 transitional LTFT allowance, which was introduced under the terms of the 2016 contract, will continue to receive this as per Schedule 15, but will not receive the £1,000 permanent allowance on top of this. Once their entitlement to the transitional £1,500 allowance ends, they will then be eligible to receive the £1,000 allowance.

Weekend allowance

A doctor rostered to work at the weekend (defined as one or more shifts/duty periods beginning on a Saturday or a Sunday) at a minimum frequency of 1 in 8 across the length of the rota cycle will be paid an allowance. These will be set as a percentage of full time basic salary in accordance with the rates set out in the table below:

Flexible pay premia

Table 1:

Name of premium	Applicable training programme		Eligibility	Full time annual value (£)
Hard to fill training programmes	General Practice	Payable to ST1, ST2, ST3, ST4 during general practice placements only.		8,965
	Psychiatry Core Training	Payable to Psychiatry Core Trainees.		3,645
	Psychiatry Higher Training	Payable to Psychiatry Higher Trainees.	3 year higher training programme:	3,645
			4 year higher training programme:	2,734
Dual qualification – OMFS	Emergency Medicine	Payable to ST4 and above only.	Dependent on length of training programme, see table 2 below.	
	Oral and Maxillofacial Surgery, as per paragraph 42-44 of Schedule 2 of the TCS	Payable to ST3 and above only.		
Histopathology	Histopathology	Payable to ST1 and above only		4,374
Academia	As per paragraphs 36-41 of Schedule 2 of the TCS	Upon return to training following successful completion of higher degree.		4,374

Table 2:

Length of training programme*	Full time annual value (£)
3 years	7,289
4 years	5,467
5 years	4,374
6 years	3,645
7 years	3,124
8 years	2,734

Note.

This is the length of the eligible training programme as specified by the curriculum, it is not the number of years that any particular trainee has remaining on their eligible training programme. For example, trainees joining an eligible training programme part way through their training programme or transferring to the 2016 TCS part way through their training programme will not be entitled to the full FPP amount.

The FPP values listed in table 2 above are payable to Emergency Medicine (from ST4 and above) and dual qualified OMFS trainees (from ST3 and above). The total amount (£21,867) is divided over the eligible years of training, meaning that if a trainee is due to receive their certificate of completion of training (CCT) following completion of their ST6 year, they should receive £7,289 per annum for the three years (ST4, ST5, and ST6).

The Psychiatry pay premium is applied to the full length of the training programme. The total amount is evenly distributed between the two applicable parts of the programme so that £10,935 is available in core training and £10,935 in higher training. The length of training in each applicable part of the programme will be used to determine the annual value the trainee should receive, as set out in table 1 above.

The Histopathology pay premium is applied to any trainee entering the eligible training programmes of histopathology, forensic histopathology, diagnostic neuropathology, and paediatric and perinatal pathology at ST1 from August 2018 onwards.

Trainees will continue to be paid this annual amount until they exit this training programme, so if a trainee's CCT date is put back by a year, they should receive the annual amount for that additional year. LTFT trainees will receive the FPP amount pro-rata.

Trainees who transition or join the programme part-way through may only receive part of the FPP; for example, those who transition into ST5 of a programme where the annual FPP is £7,289 would receive £7,289 per annum for each of the remaining two years at ST5 and ST6 only, instead of the full £21,867.

Trainees who are pay protected under Schedule 15 Section 2 will not receive the FPP but will instead be paid as per the provisions of that section.

Note – doctors paid according to Schedule 15 section 2 are paid according to their previous incremental scale and banding system, therefore flexible pay premia do not apply to this group of doctors.

Note – for the purpose of Schedule 2 paragraphs 28-35, hard-to-fill training programmes are General Practice training programmes, Emergency Medicine training programmes at ST4 and above, and Psychiatry training programmes.

Pay points for doctors in training transferring from Scotland, Wales, NI and Defence

Pay points for doctors in training transferring from Scotland are available [here](#).

Pay points for doctors in training transferring from Wales are available [here](#).

Pay points for doctors in training transferring from NI are available [here](#).

Pay points for doctors in training transferring from defence medical training programmes are available [here](#)

Please note that these figures may be updated following the publication of updated pay scales for all four UK countries.

As per the 2016 TCS, Schedule 15 paragraph 1, doctors moving from Health Education England and Defence Medical training programmes, as well as those in the devolved nations, are eligible for transitional pay protection. The table on the next page is to be used for the purposes of calculating the basic salary of the total cash floor amount for doctors transitioning from training programmes set out in paragraph 5 for section 1 pay protection, or the basic salary for section 2 pay protection. The doctor's basic salary on the day before transition shall be protected at the value of the equivalent 2002 TCS value for *England* of the incremental pay point they moved from, as above. Defence medical trainees are to have their pay protected at the value of their salary the day before they took up training on the 2016 TCS.

As described in the TCS, in order to provide equity for trainees within a cohort, pay protection should be applicable until either the doctor exits training, or until four years of continuous employment have elapsed from the point that the doctor is first employed on these TCS, or four years from the date at which that trainee *would have* transferred with their relevant cohort of trainees had they been in England, whichever is the sooner. Those who have not received this protection to date will need to have their pay backdated accordingly.
